The Chicken Thief. The Greggville chicken stealing case, with Jake Lindewer as the star attraction, will hold the boards at Squire Thompson's court at 10 o'clock this morning. The case will be of interest to the farmers of Ohio county, over fifteen witnesses having been summoned. Col. W. W. Arnett will appear for the defendant.

A Lamp Exploded. The firemen south of the creek had a run yesterday afternoon about 1:30 o'clock, to the home of Mr. Charles Miller, at the head of Twenty-eighth street. A gasoline lamp had exploded, which gave cause for the alarm. The fire was extinguished without it doing any damage, though Mrs. Miller was slightly burned around the face and head.

Prisoners at the Pen. Three prisoners were received at the penitentiary from Wayne county, their sentences ranging from two to five years. Yesterday another was received from McDowell county, who is to abide at the place for the coming four years for house breaking. Linford Jarrell, a two-year convict, was released, being pardoned by the governor.

Buggy and Car Collide. A street car collided with Dr. Melghen's buggy last night about 7:30 o'clock, nearly opposite Paul Rigot's saloon, in Benwood. Dr. Melghen was driving along the track, and did not hear the car coming behind him, and before he could turn out the car crushed into the rear of the vehicle, badly damaging it, but with no other results. The motorman is blameless for the collision.

A Riverside Tin Mill. A rumor was current yesterday that the Riverside Iron works will erect a tin mill in the near future on its property at the head of Twenty-sixth street, where the company's bar mill is located. The officials of the company could not be seen last night to verify the report. Should the company decide to go into the manufacture of tin plate at the location named, the truth of the rumor would be joyful news to the city at large, and to South Side merchants in general.

Fort Henry's New Manager. The Fort Henry club has become one of the most flourishing institutions in the city, one that all loyal Wheelingites should be proud of. Under the new manager, Mr. John V. Fisher, it is destined to increase in popularity. Mr. Fisher is a former citizen of this city, and brings with him to his duties a ripe experience and thorough knowledge of the requirements of his position. The tables of the restaurant connected with the club are supplied with every form of delicacy the season affords, and the service is admirable in every particular.

THE standard cure for cold and cough, Dr. Bull's Cough Syrup, should be kept by every mother who loves her darlings.

Saved Seven Dollars. My eyes have been badly injured by heat at the rolling mills. I had Dr. Hardman, of 1105 Market street, to adjust glasses with which my sight is perfect. I cheerfully recommend his excellent work. His prices are reasonable. Another optician in Wheeling asked me seven dollars more for the same class of work. JOSEPH THORNBURG, 1102 Chapline street.

THE GAME LAW

Now Before the Legislature Is Opposed by Many Sportsmen.

THE WHEELING GUN CLUB SENDS

A Memorial to the Legislature, Which Will be Presented by One of the Ohio County Delegates—A Closed Season of Two Years will Not Accomplish the Object in View—Importation of Quail is the Better Way, and This is Being Done.

The clause in the proposed game law, now before the state legislature, relative to quail, has aroused considerable opposition to its passage among local sportsmen. The clause prohibits the killing of quail for two years. The Wheeling Gun Club is against it, and a prominent member of the club yesterday said that the fear of the birds being wiped out by gunners was groundless. All who know the game, know how hard it is to get a fair shot at the little grey bird. Hard winters and deep snow are the real exterminators of quail. Long wet spells in the hatching season are also hard on young quail.

The same authority said that West Virginia is a state in which quail are bound to exist, despite sportsmen. The birds can easily be shot out in the open, but the many thickets in this state aid in preserving them. The Wheeling Gun Club has yearly purchased southern quail and stocked this vicinity with them, and it has \$200 in its treasury now to purchase more. The club has made arrangements often with farmers to leave feed in the haunts of the birds, in extremely cold weather, and the members think that the state law-makers should not pass a law which, in their opinion, is unequal for. They take the ground that there is no danger of the game being destroyed, otherwise than by inclement weather. Their protest has been forwarded to the Ohio county representatives.

At a meeting of the Wheeling Gun Club held yesterday, the following memorial was prepared and sent to Charleston, for presentation to the legislature: "The clause in the game bill now pending before our legislature, prohibiting the killing of quail for two years, is wholly against the interest of the sportsman of this state and will do more to exterminate our quail than to increase them. The true sportsman do not want any closed season, and do most emphatically protest against the passage of the two years closed season part of the bill. There are better prospects now for quail shooting next fall than since they were frozen out in 1892; and this is due entirely to the sportsmen who have purchased and stocked favorable localities, and will continue to do so at their own expense. To pass this clause would cancel orders now out for live quail, which will be distributed in favorable localities in West Virginia. This would create more quail than a closed season for ten years. We suggest in place of this you provide for a license of \$2 per year for each hunter."

MR. ROBERTS' GOOD FORTUNE.

The Wesley Church Pastor Leases His Ritchie County Farm. Rev. L. D. Roberts, of the Wesley M. E. church, was congratulated yesterday by his friends on his good fortune, indirectly in oil. He owns some land in Ritchie county, his farm being in the Cairo oil fields, and very close to a good strike made there last week. The representatives of the company have been conferring with the pastor for a few days, and on Monday night a deal was closed by which Mr. Roberts gets a fair thing out of his farm. He gets a large bonus from the company for leasing the farm, and part interest and royalty in all producing wells, with no expense to share in.

Vibrating in Tenseful Accord. Like the strings of a musical instrument, the nervous system in health harmonizes pleasantly with the other parts of the system. But weakened or overwrought, it jangles most inharmoniously. Quiet and invigorate it with the great tranquilizer and tonic, Hostetter's Stomach Bitters, which promotes digestion, bilious secretion and a regular action of the bowels, and prevents malarial, rheumatic and kidney complaints.

A GREAT SUCCESS FOR FITTING ALL KINDS OF EYES WITH GLASSES.
